

Mr. Henry S. Dakin  
SFMT Director  
San Francisco, CA

Dear Henry,

your authority confirmed by a personal invitation to attend FORUM  
gave to us another chance to connect people via new technology.

Documentary film studio crew shot both two sessions on the 14th  
and 16th of February. Thus Teleport will be <sup>an</sup> important part of the  
film about FORUM. Next time it will become a regular service for  
FORUM participants, together with phone calls, mail, etc.

In context of this work I want to coordinate an Event discribed  
in here with attached proposal. I hope it is easy to see correlation  
between my project for the Rolex Awards for Enterprise competition:

~~THE~~ A NETWORK OF SPACEBRIDGE TERMINALS, and MIRROR FOR HUMANITY  
concept. If SFMT will open account, I hope to find resources to  
actualise this vision. Some time ago Mr. Hagen Hasselbalch who is  
also FORUM participant, opened an account in Switzerland. It was  
an important symbolic gesture for my inner development. Now time  
demands omniefforts to make a difference.

I want to hear ~~ar~~ from you, Henry, and to know your personal opinion about  
this project.

Joseph Goldin  
Feb. 17, 1987

Hope to see you soon and talk to you
